Career Objective

Motivated Computer Science Engineering student with strong programming and problem-solving skills, eager to learn enterprise technologies and contribute to implementation, testing, and support projects in a collaborative environment.

Education

NSRIT | 2023 – Present
B.Tech – Computer Science Engineering | CGPA: 9.1

Sri Chaitanya Junior College | 2021 – 2023
Intermediate (MPC) | Percentage: 96.4%

ZP High School | 2020 – 2021
SSC | Percentage: 92.6%

Skills

Web Development: HTML, CSS, JavaScript, Flask, SQL, FastAPI
Programming: C, Java, Python
AI & Tools: Prompt Engineering, Generative AI(learning), Git, GitHub
Strengths: Problem Solving, Responsive Development, Team Collaboration

Projects

TrackForge — Full-Stack Web Application

- Built a full-stack web application to track study sessions and manage job applications.
- Implemented authentication, dashboard analytics, and progress tracking features.
- Live: https://trackforge-mcx7.onrender.com

Expense Tracker — Core Python Project

- Developed a menu-driven CLI Expense Tracker using Python.
- Implemented add, view, calculate, and delete expense features using core Python concepts.

Currently Working On

- Building applications using FastAPI
- Exploring advanced backend systems and scalable architectures
